HEARTS

No love, no friendship, can ever
cross our path without affecting
us in some way forever.
Eric Fromme

As always, MHS had a year packed with loads of excitement and fun. Students gathered at two Homecoming games. Two Homecomings? That's right! As usual, one was the Football Homecoming where Angie Limon was crowned Queen. The other was the first Basketball Homecoming. Pat Diaz, senior, was crowned Queen, while the team won 65-46. The Prom, Donkey Basketball and other activities proved to be stupendous. Clubs were also successful. Annual staff was one that made it through the year grandly while Scribe wrote their hearts out touching many students. The joys and memories of this year's activities will long be cherished within the hearts of all Oilers

Student council spurs new activities

With the coming of high school, many new facets of life evolved. There were times when high school was really a challenge, like during finals. And at other times, high school seemed rather smooth and enjoyable (especially when you had a loved one to enjoy high school with). But the neat thing about high school was that no matter how rough times became, there were still more good times to remember.

High school is a paradox in itself. For on some days, how we wished graduation would come quicker! But now that it is here, we sometimes wish it could have come a little slower. But "life goes on". So we are faced with newer and broader challenges. And in order to accept these challenges, one does not have to be "Superman". Friends, remember this: "If we apply the things we know to the things we foresee, then the result can only be one thing—SUCCESS." I love you all in Christ Jesus

God be with you all,

Manuel J. Arreguin

"Get to order!" shouted Vice-President Edwin Vega as he pounded his gavel on the desk. Class representatives and cabinet members slowly started to settle down. Then as issues were raised, yelling started and confusion began.

Having more activities, raising more money, and uniting the school were the goals of this year's ASB. More publicity was given to all sports, clubs, and events. Thanks to our ASB, the school was usually in high spirits.

Hillbillies danced the evening away in the November girl-ask-guy Sadie Hawkins Dance sponsored by Girls' League.

The punk rock band, Stage Fright, provided a different tune for students to let loose and punk out. The hoedown also offered many club-sponsored booths such as the marriage booth, the jail, and the picture booth. Kathy Simon was crowned Daisy Mae, while Brad Amano became Lil' Abner

6 Chandeliers hung from the ceiling as candles gave off a soft glow. As the beat of the music started, couples got to the floor and danced. Such was the scene of the first Winter Ball January 25.

The dance was held off campus at the "Belle 'n' Beau." Everything from disco to slow, romantic music was played by the band "City Life." The floor was constantly filled with the girls in their evening dresses dancing with the guys in their suits.

The highlight of the dance was the crowning of each class queen with Pat Medina chosen as Senior Queen while Dolores Salazar, Elena Ornelas, and Julie Figueroa were picked as Junior, Sophomore, and Freshman Queens respectively

As the evening ended, couples departed filled with memories of this enchanting night

As the night continued, couples danced to the music provided by the group "Aja." This lovely evening was surely "Never to be Forgotten" by all who attended

It was 7 o'clock in the morning and three dozen Rigettes, some dressed in curlers and bedroom slippers, began an hour of practicing halftime, pep rally, and parade routines. Usually, the girls took three months to learn a routine for a parade. They took only two or three days to learn a pep rally routine.

The time the Rigettes spent perfecting parade routines was well worth it, as evident by their number of awards. They won Sweepstakes at the Rosemead Parade and first place at the Glendale Parade. At Mission Viejo, the Rigettes won third place. They came in fourth at the Arcadia Band Review.

Supervising the Drill Team was Mrs. Vivianne Butt, who had the job of organizing all activities. Also overseeing the Rigettes were Captain Valerie Juarez and Co-captains Cheryl Carrejo, Carrie Hoshino, and Larua Mares. Together they coordinated the routines and taught them to the girls.

Even with all of the time spent practicing, the Rigettes were usually in good spirits. Ann Miyataki commented on being a Rigette: "It gives us confidence in ourselves. We meet a lot of people and make new friends."

Homecoming ... a day of memories

2

3

It was late and a dozen hastened workers were frantically gluing paper flowers on cardboard, blowing up balloons, and trying desperately to make a ring out of gold foil. "Let's hurry!" yelled one in fury. When finished, the floats were very creative, with first place going to the "Trash the Titans" float made by the Band and Ridgettes.

The dazzling floats weren't the only thing featured. Spirit Week included such activities as lively pep rallies, a championship volleyball game, and a festival. Many festival booths dotted the mini-amusement zone behind the football bleachers. A dart throw featured pictures of teachers as targets, while in the dunk tank, students plunged helplessly into tubs of water as other students tripped the release levers by hitting targets with baseballs.

Homecoming was a success until the Oilers played a disappointing football game, losing to the Pioneer Titans 7-0. Danny Garcia was crowned Homecoming King, but the highlight of the day was the crowning of Angie Limon, the Homecoming Queen.

- 1 Stefani Bagwell proudly receives her "undergrad favorite" Trophy
- 2 Elaine Chacon crowns Danny Garcia, Homecoming King
- 3 Lots of hard work and long hours pay off for the award winning Band and Ridgettes float
- 4 Working on the floats all night at the flower making parties leaves students like Joe Medrano exhausted the next day
- 5 Ray Castello and Holly Gracia are named Homecoming couple

Students started changing their clothes in the buses as excitement filled the air. Later, girls got their hair put up while the guys had their hair cut if too long. Paper bags were put over feet to keep shoes spotless and the Band Booster came around to make sure everything was perfect. This could only be the Montebello Marching Band in preparation

Directed by Mr. Covellone, the Marching Band won first place in both the Rosemead parade and the Mission Viejo Band Review. In the Chino parade, they won second place. If one walked in the C-building during third period, he would have probably heard the sweet sound of beautiful music flow from the choir room. Ms. Eastman, the new choir director, led the choir in exciting performances.

Headaches and screaming were common in C-40 as Annual Staff worked hard in producing the annual. Through pica rulers and typesheets, headlines and captions, layouts and gallons of correction fluid, the staff made one of the best yearbooks dawn.

This year's annual featured more color pictures with the entire senior section and certain pages in the activities and opening sections in color. This was the first year Mr. Richard Anteker served as advisor. Although staff members worked hard, they received the satisfaction of producing 272 pages of MHS memories

Seniors have record breaking ticket sales for Donkey Basketball

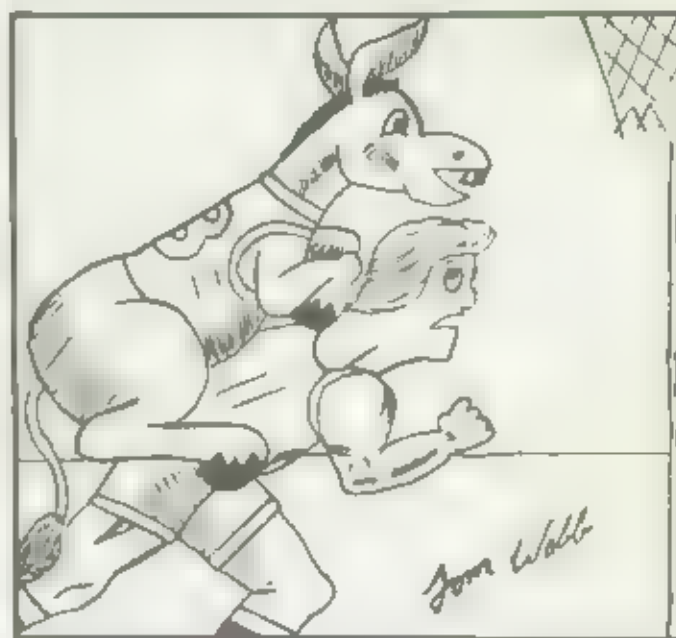

- 1 Seniors prove to be fired up at the beginning
- 2 Dazzling shots like this one by Paul Chung give the seniors a 26-16 halftime lead
- 3 But in the second half, Mr. Schwartz & Co. make a miraculous come back
- 4 And for awhile things don't look too good for the seniors
- 5 But then, the seniors show the faculty that they too can make a come back
- 6 But time falls short and the seniors end up fat on their backs
- 7 Yup folks, the faculty turn out another "lucky" win

As donkeys trotted into the gym, seniors discussed last minute plans to defeat the faculty in the grueling Donkey Basketball game February 5.

The seniors got off to a great start and during halftime, they led 26-16. But as the battle continued, the faculty gained strength. With ten seconds left in the game, the score was tied. Then the faculty put in the winning basket and won 42-40.

Because of additional funds this year, Scribe didn't have to conduct fund raisers such as bake and candy sales as they have in the past. The finished publication of Scribe was sold in early June

World in review

Here we are at the beginning of a new decade. We experienced much in the last years. Joy and pain, laughter and tears, the normal and the bizarre, and the horrifying and the beautiful were all met by us, but we survived.

The year was 1970. National Guardsmen shot students at Kent State. More blood was spilled in the new decade as Richard Nixon ordered the invasion of Cambodia. Joe Frazier won the heavyweight championship from Jimmy Ellis.

United States and Chinese relations were improved in 1971. In the U.S., eighteen-year-olds were given the right to vote while the controversial Pentagon Papers were published against government's wishes.

1972 brought a new wave of terrorist activities. Nine members of Israel's Olympic team were killed by Palestinian terrorists. Public men like Italy's ex-Premier Aldo Moro were kidnapped and murdered.

Times were changing. The onslaught of the Watergate scandal took place in 1973 as President Nixon's career shattered. Also in 1973, U.S. involvement in the Vietnamese war was ended and Vice-President Spiro Agnew resigned and was succeeded by Gerald Ford.

The kidnapping of Patty Hearst and the Sim-bionese Liberation Army headlined the news in 1974. President Nixon resigned from the White House and was faced with criminal charges. His successor, President Ford, granted him a pardon. Hank Aaron broke Babe Ruth's record with his 715th home run.

In 1975, Patty Hearst and S.L.A. members were arrested and President Ford was the object of two assassination attempts. American troops pulled out of Vietnam. Meanwhile, Donna Summer was crowned Queen of Disco as a new trend began.

An unknown governor from Georgia, Jimmy Carter, became our new president in 1976. U.S. Viking robots failed to detect life during two landings on Mars. In the starlight was Peter Frampton, who topped the charts and grossed \$50 million.

During 1977, Egypt and Israel were brought together for the first time in history. Lou Brock broke Ty Cobb's record by stealing his 893rd base. New York City shops were looted during a 24-hour black out.

In Guyana, the Reverend Jim Jones led 914 members of the People's Temple to death. The same year, 1978, brought the world's first test tube baby. John Travolta boogied into a new craze as 27 million copies of Saturday Night Fever were sold.

An historical visit by the Pope to the United States and the return of the Ayatollah Khomeini were seen in 1979. Bjorn Borg won his fourth straight Wimbledon title. Gasoline in the U.S. rose to over a dollar per gallon. A major radiation leakage occurred at the Three Mile Island nuclear power plant.

As you can see the 70's have been full of astonishment. Hopefully, what we learned in the 70's will help us face the 80's with high hopes and high goals. We must remain cognizant that he who forgets the past is doomed to repeat it. But what can we expect from the 80's? Only time will tell!

SPORTS

Far away there in the sunshine
are my highest aspirations. I may
not reach them but I can look up
and see their beauty, believe in
them, and try to follow where
they lead.

Louisa May Alcott

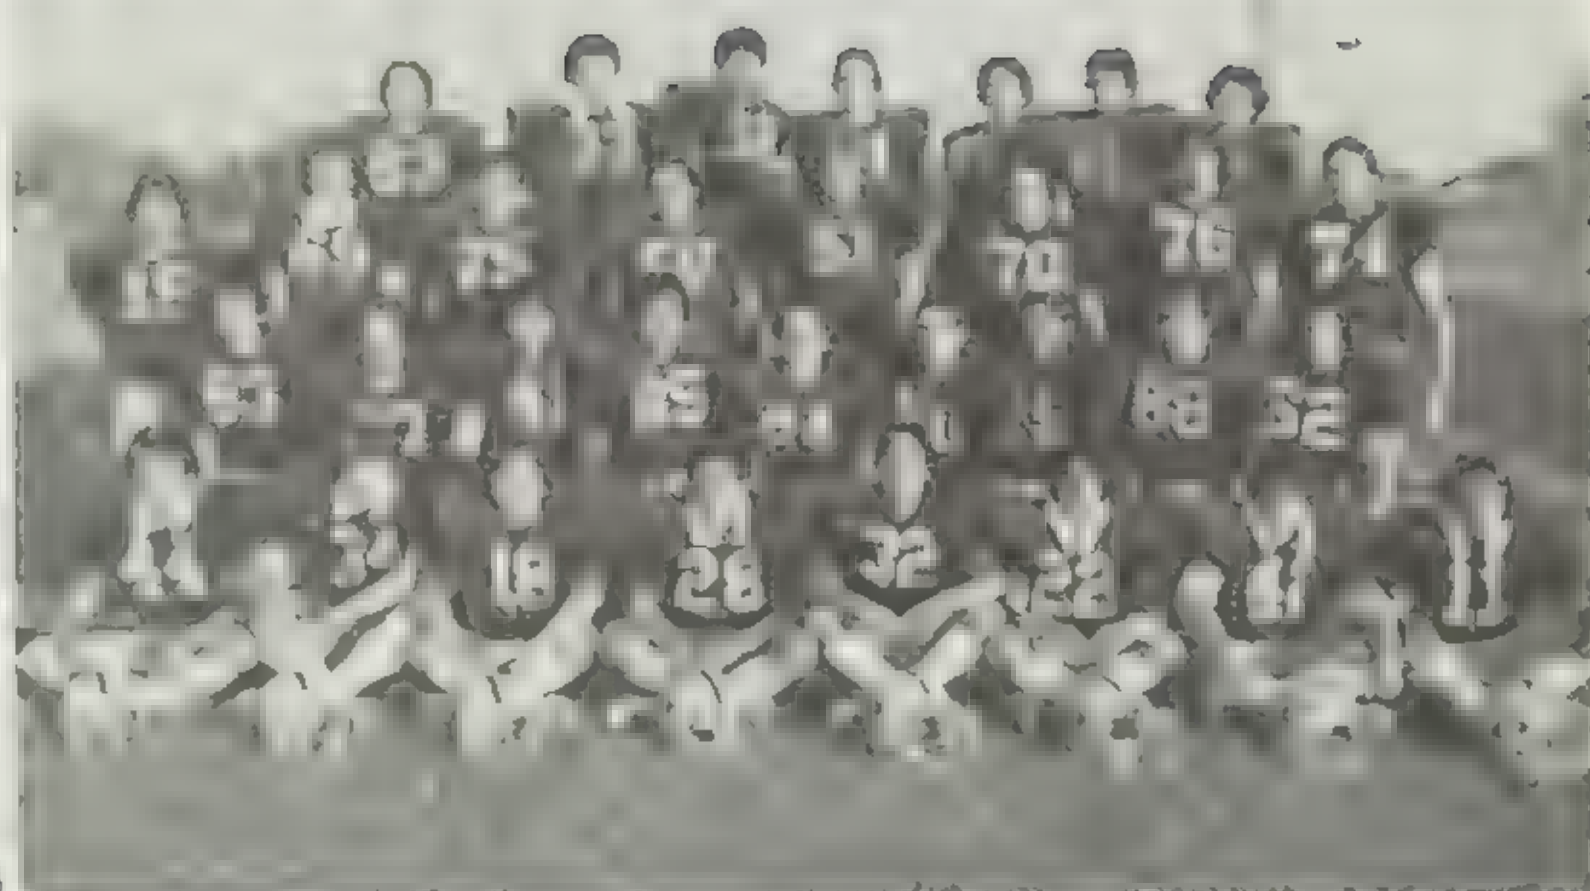

MHS sport teams got off to a pretty good start for a new decade. The Cross Country team gave their opponents a tough time and finished in third place, while the girls' tennis team won a CIF play-off berth. The football team displayed their best effort which should be a great asset for them next year. Although the basketball team came up a game short to get into the play-offs, they still had a good season record. As always, the soccer team performed superbly and reached the play-offs. The boys' tennis team, though quite young, played greatly, while the talents of the baseball team gave opponents a run for their money. All other sport teams gained experience and thus, they should be ready to tackle the Whitmont league next year.

The Class of 1980 Representatives spent countless hours planning various activities and fund raisers.

Scenic Lake Tahoe was chosen as the site for this year's Senior Snow Trip and Grad-Nite was held at Disneyland. At the Powder Puff football game, the gals pulled the old switch-ola with the guys once again.

A "Rocktober" dance, the first of the major fund raisers, a Mum sale, and a goldfish-ping-pong booth at Homecoming helped finance the activities scheduled for the school year.

This year the Senior Reps conducted their business differently and tried a new approach. They based all their decisions on what their class preferred by distributing questionnaires and organizing several class meetings.

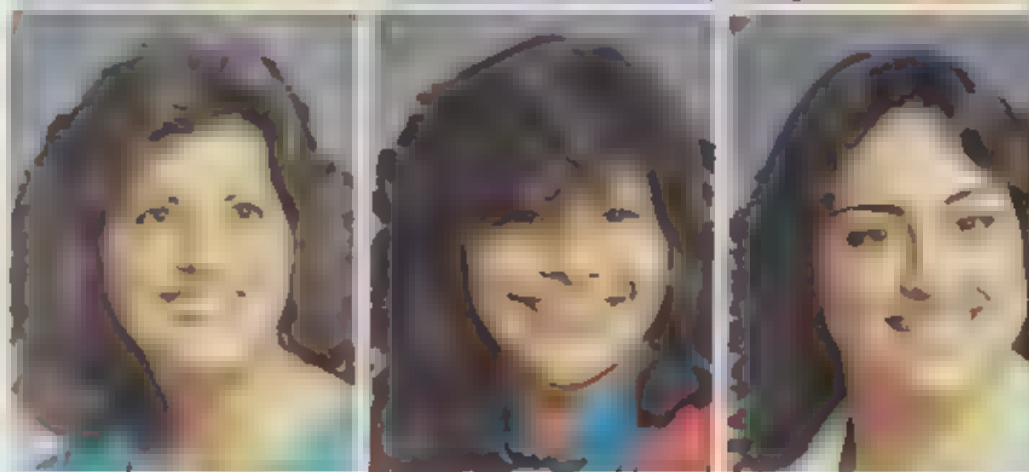

"This year our main goal was to strive for more participation and more involvement in our school," concluded Miss Van Loon.

IN MEMORIAM
George Kolecany, a senior, passed away Oct. 14, 1979. He was 16 years old.

Born Nov. 29, 1962, George attended Greenwood Elementary School. Later, George went on to Montebello Intermediate School. In 1976, he graduated to Montebello High School.

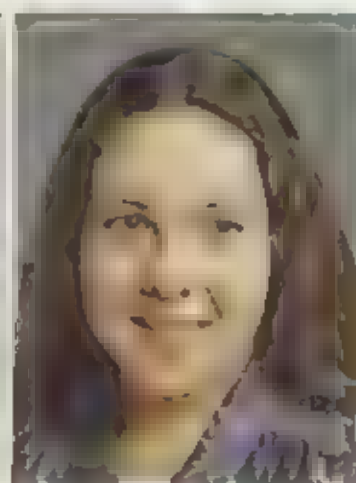

At MHS, George was involved in Soph-Frosh, JV, and Varsity Baseball. He also played basketball in his sophomore year and belonged to the FCA during all of his high school years.

"George was a happy-go-lucky guy . . . He couldn't go five minutes without making someone laugh," a close friend remembers. "His friendship was really good." A former teacher, Mr. Robert Henke, comments, "He had a fine sense of humor and was very friendly."

George Kolecany left behind memories of cheerfulness and friendliness to all his fellow classmates.

Free to enjoy life

Four years have passed
We are now that class,
That class of "80."
Since "76", we looked on
with great aspirations.
We had our eyes set,
Hoping for the best,
When all would come to rest,
Waiting patiently as graduation nears
Soon to be free.
Free to enjoy life
As was meant to be
Fulfilling Dreams,
Achieving goals,
and obtaining happiness.
As we now leave
with pride and dignity,
May we live till eternity,
with wisdom and intelligence.

JUNIOR REPRESENTATIVES

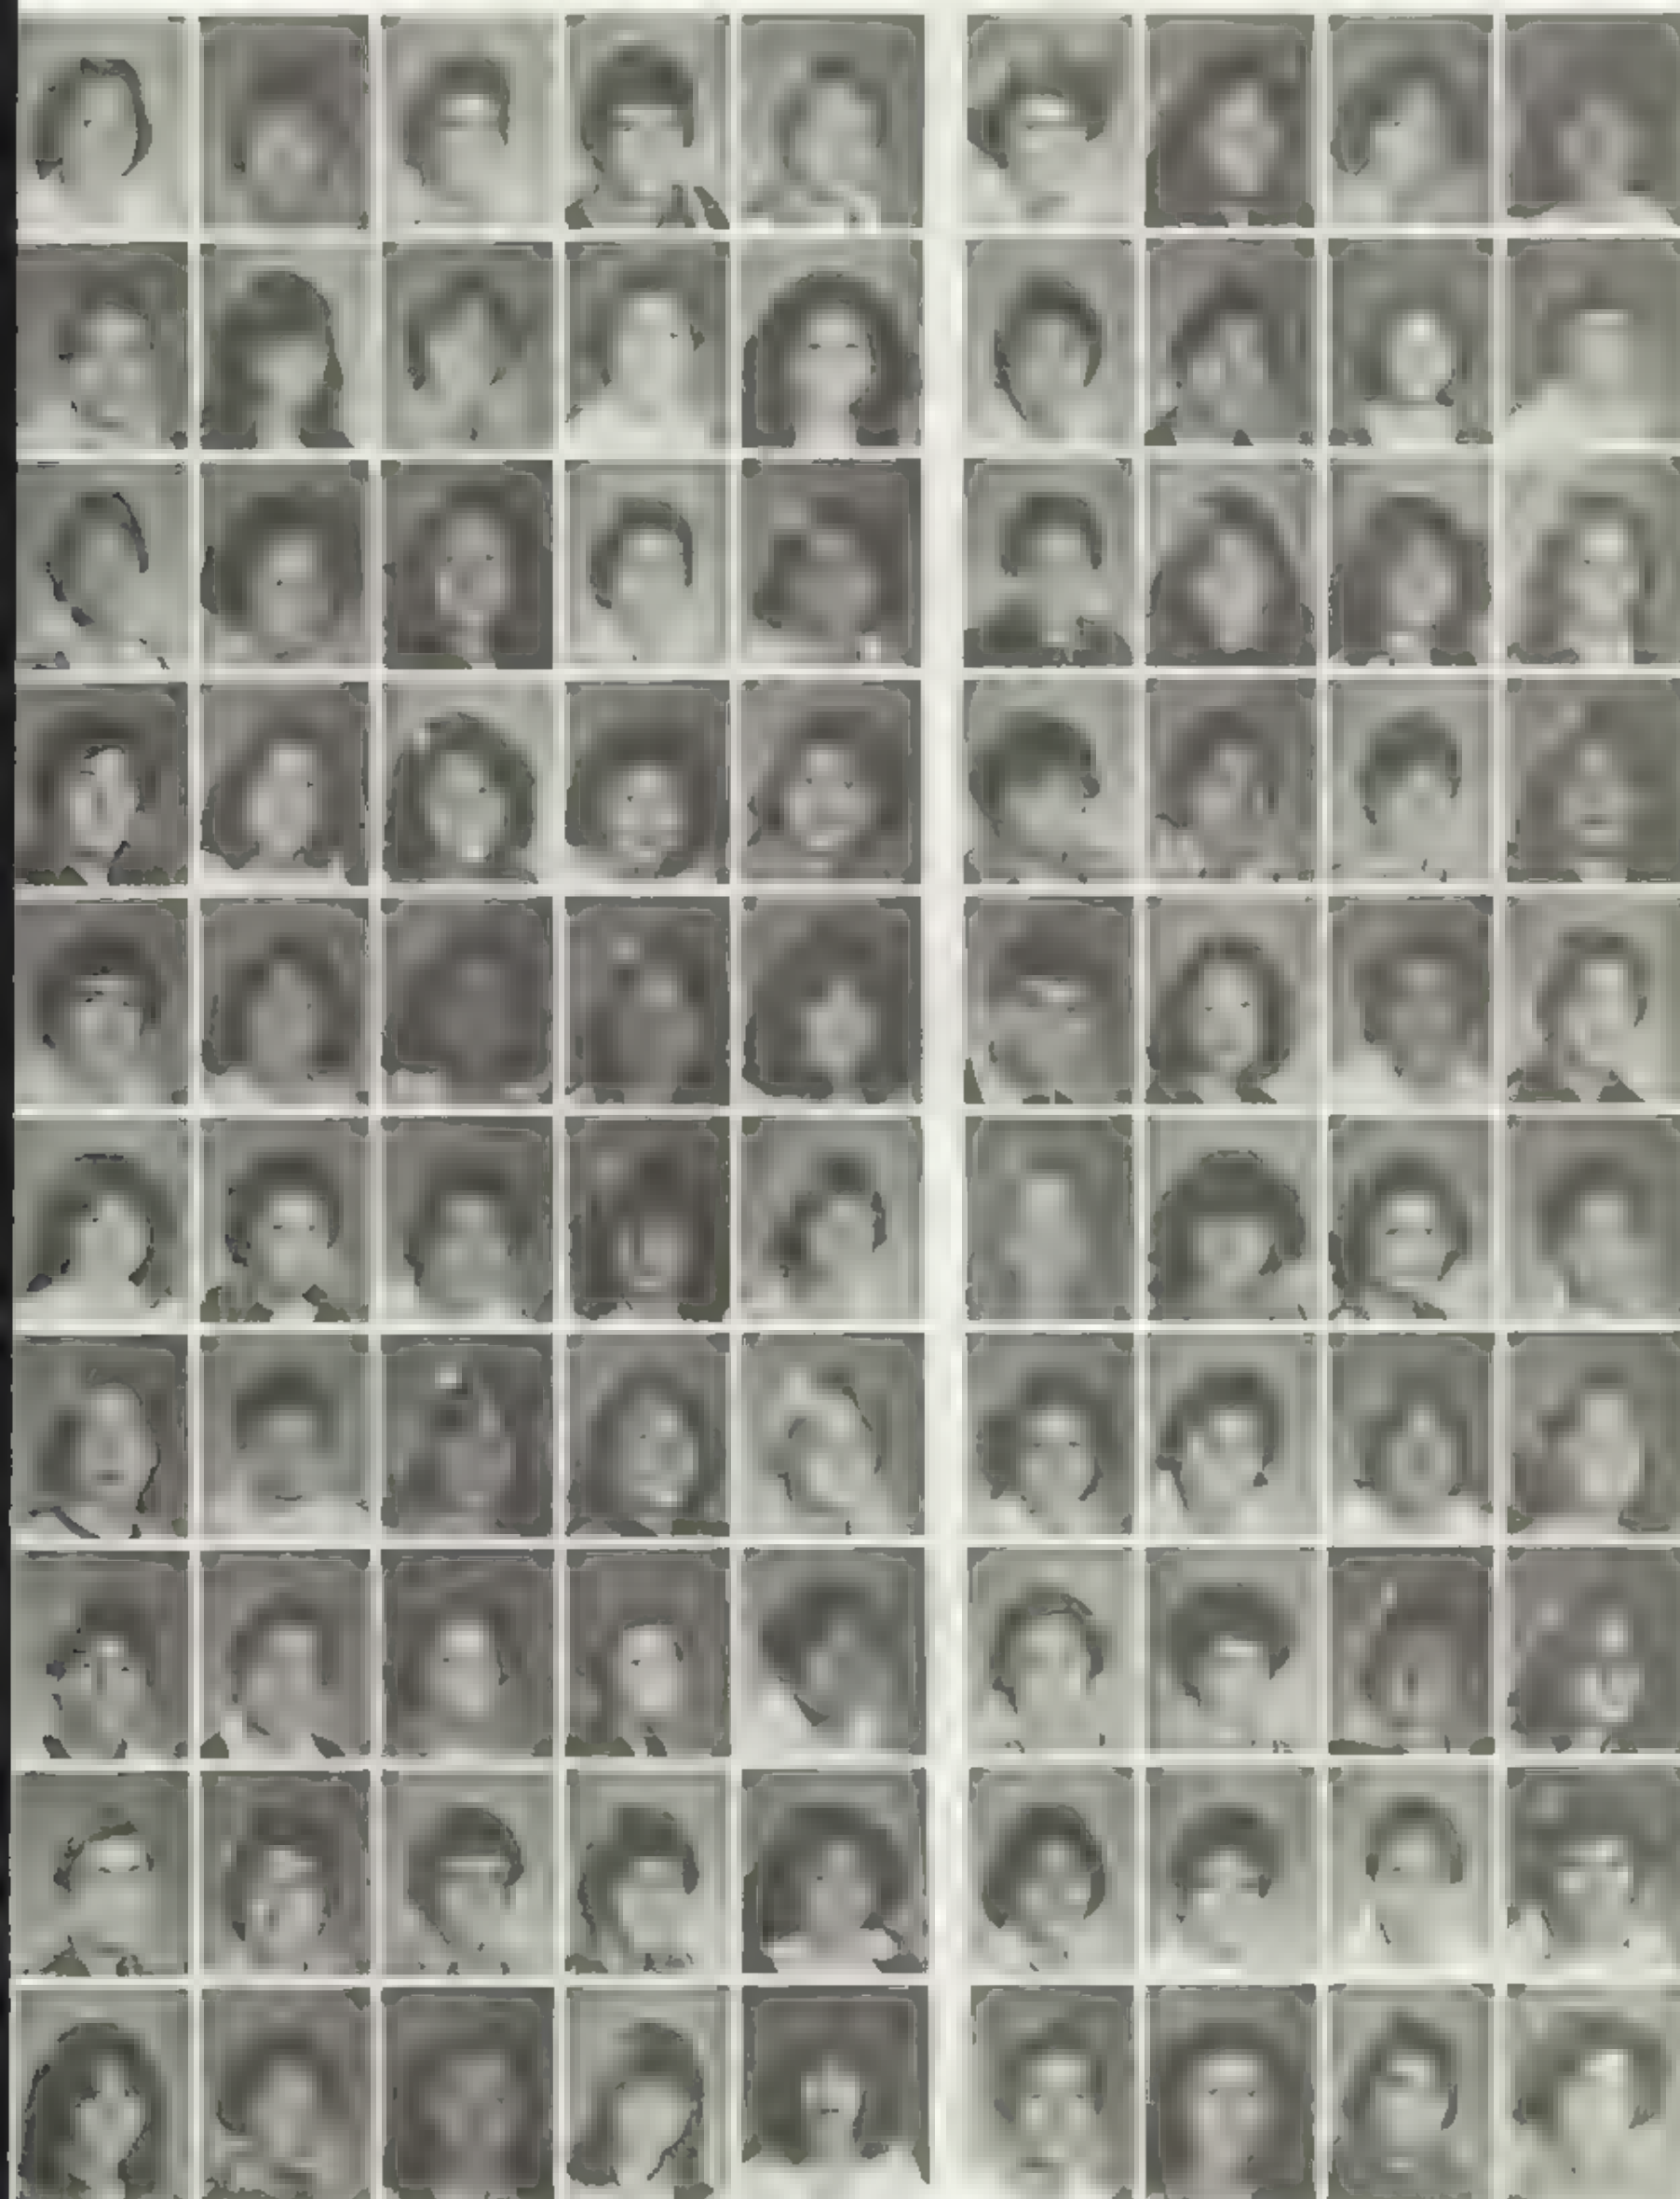

During the summer while most people were having fun, the Junior Representatives *Maxine Gutierrez*, *Brad Amano*, *Janet Cortez*, and *Debbie Giamformaggio* were hard at work planning activities.

The Representatives' main assignment was planning the Prom, which was held at the L.A. Marriott. The first Junior Recreation Day was planned to be held at Disneyland. The many fundraisers included selling "Mighty Junior" T-shirts, Homecoming boutonnieres, and Christmas corsages.

The success of the Junior Reps. was attributed to their togetherness. "We're like a family," explained Maxine Gutierrez. Janet Cortez added that the Junior Class did their part. "They have spirit, and they have power."

SOPHOMORE REPRESENTATIVES

"Sophomores, we need your support!" was the cry of the Sophomore Representatives *Mark Hernandez, Laura Diaz, Christine Lopez, and Pat Valdez*. Together, the Representatives battled apathy and lack of involvement in students

At the beginning of the year, they sold sophomore class T-shirts to raise school spirit. This plan, however, did not raise many funds. "We still have a lot left," complained Laura Diaz

The Representatives also planned something new this year, Basketball Homecoming, which was held in February. Unlike the Football Homecoming, queens from each class were crowned

Commented Mark Hernandez on participation, "This year is getting better. Next year, I hope to have a really crazy class."

A row of nine black and white portrait photographs of students, likely from a yearbook. The photos are arranged horizontally and show individual students from the chest up. The students have various hairstyles and are wearing typical mid-20th-century clothing. The images are somewhat faded and have a grainy texture.

A series of five sequential frames showing a person's face being struck by a hammer. The frames are arranged horizontally, showing the progression of the impact from the initial contact to the final blow.

A series of five black and white photographs showing the development of a child's face from birth to 18 months. The first photo (left) shows a newborn with a very small, rounded face. The second photo shows a slightly older infant with more defined features. The third photo shows a child with a more pronounced jawline and a small tuft of hair on the forehead. The fourth photo shows a child with a more mature facial structure and a small tuft of hair on the forehead. The fifth photo (right) shows a child with a well-defined face and a small tuft of hair on the forehead.

FRESHMAN REPRESENTATIVES

Led by the Freshman Representatives *Jesse Felix, Minnie Atilano, Anthony Corral, and Weller Wong*, the Freshman Class got off to a fine start.

Various activities helped the freshmen gain school spirit. A T-shirt sale and a bake sale provided many funds. The Representatives also planned a "Skance", which was a skating dance, and a canned food drive, in which prizes were given to the homeroom that collected the most cans.

"I think the Freshman Class is great," said Minnie Atilano, "and I want to make sure that all the freshmen enjoy their first year."

1. The first step is to identify the key components of the system. This includes understanding the hardware, software, and data involved. For example, in a web application, this might involve identifying the server, database, and client-side code.

2. The second step is to analyze the system's behavior. This involves observing how the system responds to different inputs and outputs. This can be done through manual testing or automated testing tools.

3. The third step is to identify potential vulnerabilities. This involves looking for weaknesses in the system that could be exploited by an attacker. This can be done through techniques such as code review, penetration testing, and vulnerability scanning.

4. The fourth step is to develop a plan to address the identified vulnerabilities. This involves determining the severity of each vulnerability and prioritizing them based on their potential impact. It also involves developing specific remediation steps for each vulnerability.

5. The fifth step is to implement the plan. This involves making the necessary changes to the system to address the vulnerabilities. This can be done through code changes, configuration changes, or the use of security tools.

6. The sixth step is to verify the effectiveness of the remediation. This involves testing the system again to ensure that the vulnerabilities have been successfully addressed and that the system is now secure.

7. The seventh step is to document the findings and actions taken. This involves creating a report that details the results of the assessment, the identified vulnerabilities, and the steps taken to remediate them. This documentation is important for future reference and for demonstrating compliance with security standards.

8. The eighth step is to monitor the system for future vulnerabilities. This involves regularly reviewing the system for new vulnerabilities and updating the security plan as needed. This is an ongoing process that requires continuous attention and resources.

The members of the Board of Education had no time to be bored. In fact, it was a very industrious year for all of them. Not only did they improve the standards of schools, but they made sure each school had all necessities. The Board of Education also provided many improvements to school facilities. During the summer, they allowed us to reopen our pool. In addition, our bleachers were rebuilt due to the Board's action.

Aim for the sky

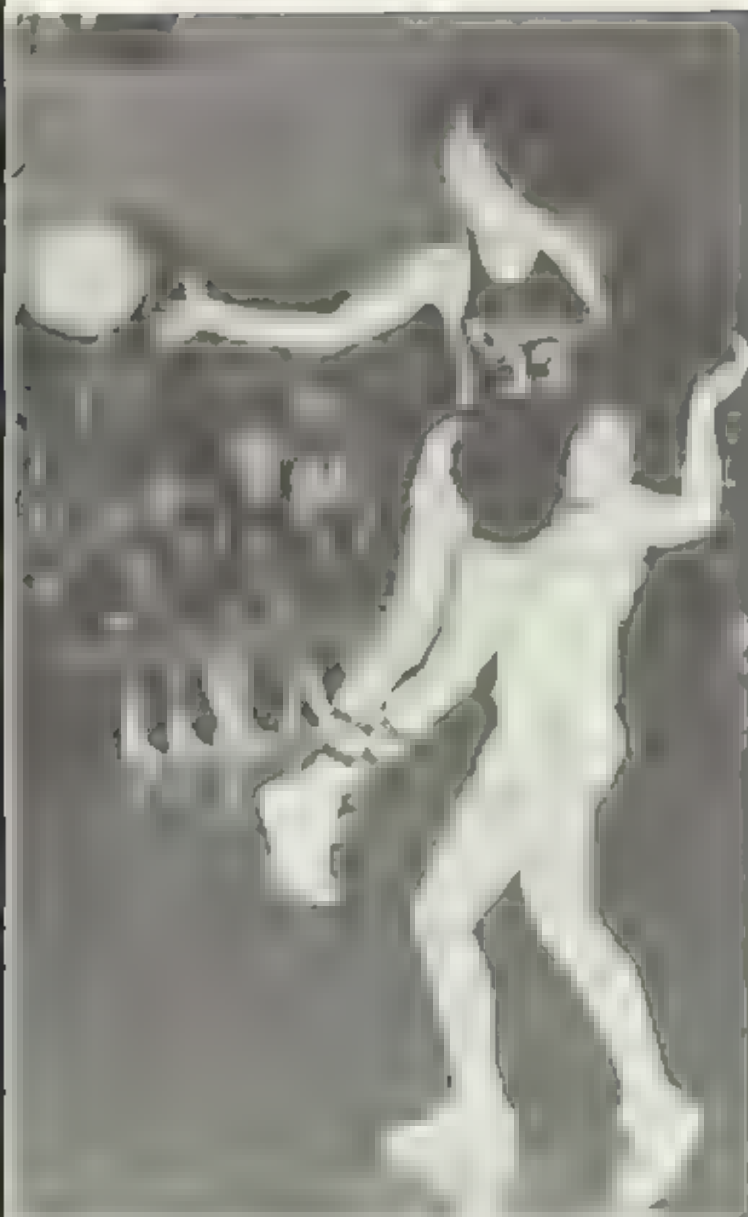

For yesterday is but a dream
and tomorrow is only a vision
but today well lived makes
yesterday a dream of
happiness and every
tomorrow a vision of hope

May God bless and keep
you always
may your wishes all come
true
may you always do for
others
and let others do for you
may you build a ladder to
the stars
and climb on every rung
may you stay forever young
Bob Dylan,
"Forever Young"

OILERS

Do you know where you're going to,
do you like the things that life is
showing you?

Diana Ross, "Mahogany"

If you want to leave
take good care, hope
you have a lot of nice
friends out there but
just remember there's a
lot of bad, beware.

Cat Stevens, "Wild World"

Nothing can match the treasure of common memories, of trials endured together, of quarrels and reconciliations and generous emotions.

Antoine De Saint Exupery

I hope you enjoyed the 1980 Golden Key as much as I did. It took a lot of time and effort from the entire staff to put everything together. We spent a countless number of hours after school, on Saturdays, and at home working to meet deadlines. We tried to represent the whole student body, all sports, and activities. We did our best and feel that this is one of the best (maybe THE best) books Montebello will ever see. We had our share of problems and our good times. It took some time before we chose our theme; we kept changing our minds. Then, there was training the staff, which I truly thought was going to last until the day of our final deadline, filling editorial positions, trying to arrange the sections in a somewhat logical order, and allotting a definite number of pages to each. We lost croppers, found croppers, and then decided not to use croppers. We started out with 4 pica rulers and ended up with 2 1/2. We had "meeting the deadline celebrations" and trips to Foster's for dinner.

We put up with a new advisor. On top of it all, bad moods, good moods, you name it, we had it. Statement from Staff: After you consider all the trouble we went through, if you have any complaints no matter how great or how small, all we have to say is that's TUFF.

To my staff: thanks for putting up with my screaming and hollering. To be truthful, I never thought we would pull it off. Thanks for proving me wrong. We had a terrific year, and I'll never forget any of you. You're all a bunch of "crazies," but I guess that's what it takes to be on staff.

Lots of thanks to Konnie Krislock, our Herff Jones Rep., who pulled us through some rough times. Mr Antekeler, for catching errors and correcting copy. Pat Marquer, for a great job on the senior section and for being there when I needed a shoulder to cry on. Mario, for just being you. All the editors for your great work. To the rest of the staff, for being there and helping out. And Chris, for doing a little bit of everything. Good luck next year.

I'm going to miss all of you. Thanks for the memories and the friendships. Without all of you, the 1980 Golden Key would not have been possible.

All my love,

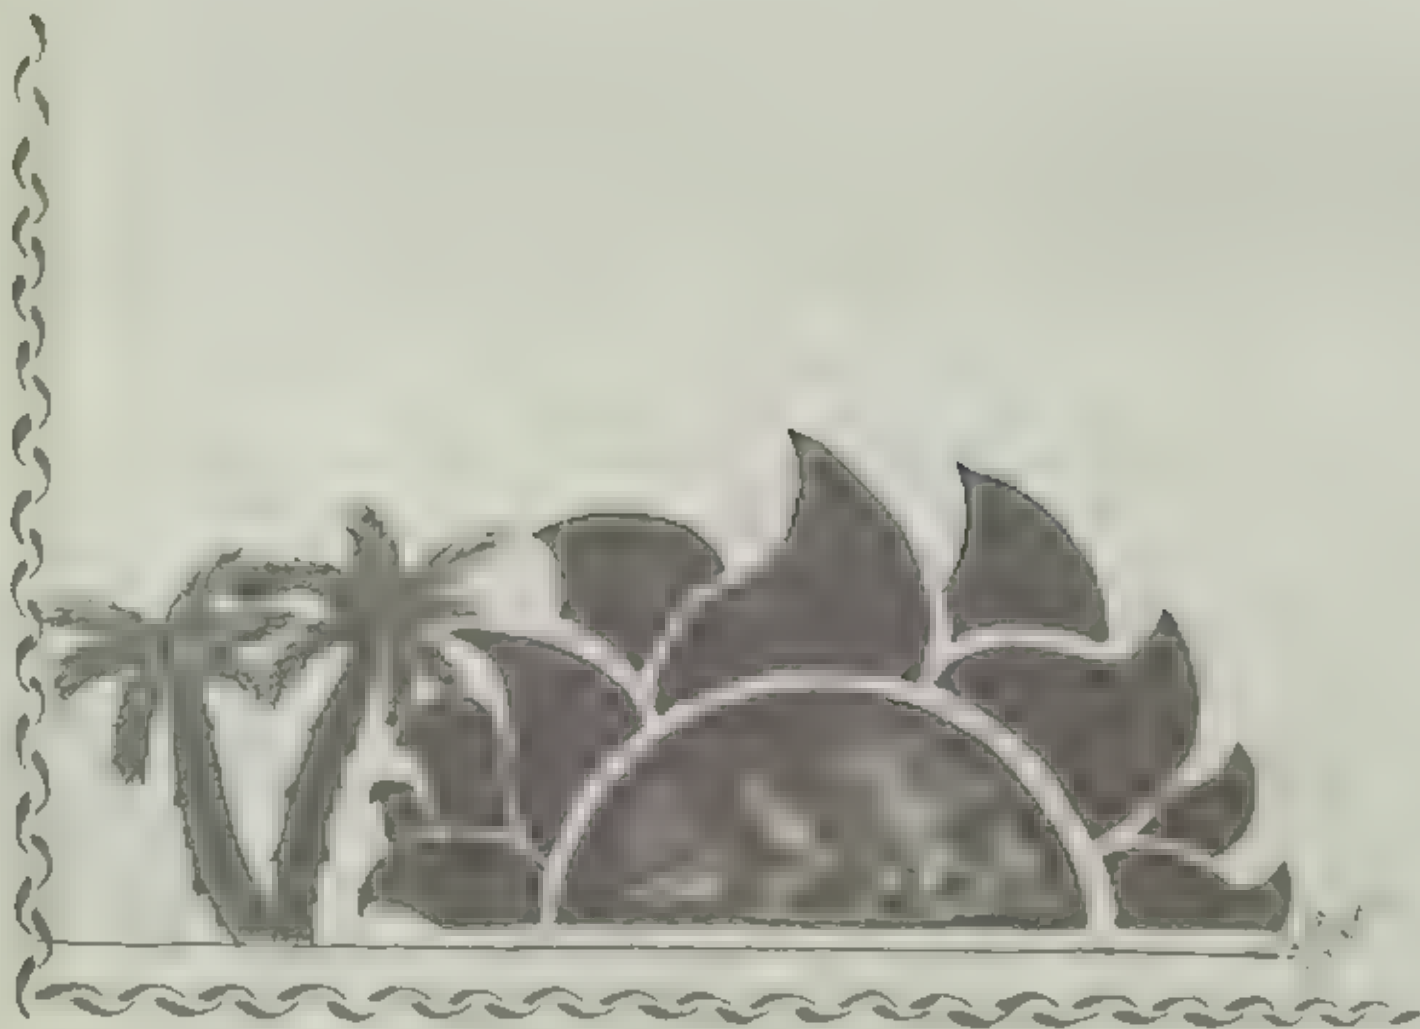

P.S. Hey Old, bald, and grumpy — take care of yourself. Don't worry, I'll be back to haunt you.

Donna Hamutoff
